

Technical Data Sheet

C.P.L No.3

Special Synthetic Lubricant for Firearms
Cleans. Protects. Lubricates

Description	: C.P.L No.3 combines all three properties essential for the complete cleaning and maintenance requirements of all types of firearms in one easy operation.
Product Code	: STA C.P.L 3
Suitability	: It is designed for all types of firearms, machinery, tools, metal components, instruments, and more. : Also ideal for use on fishing tackle, tools and equipment, vehicles and for general home lubrication use.
Applications	: Specifically designed for all types of firearms. : Carefully clean parts before oiling. : Apply a small amount of oil to the lubrication points after drying and wipe off any excess oil. Clean oil from the barrel and the chamber.
Customer Benefits	<ul style="list-style-type: none"> • The CLEANING solvent softens carbon deposits, unburnt powder, lead and copper deposits sufficiently to allow for the removal with a barrel brush. Dirt and grit are also loosened for easier cleaning. • The PRESERVATIVE element leaves a protective film on the metal, protecting the weapon against corrosive matter. Great for preventing rust, especially along coastal areas. • The LUBRICANT ensures the smooth and reliable functioning of the working parts and reduces friction on bearing surfaces, preventing stoppages. <p>With C.P.L No.3, your entire firearm will stay lubricated and protected</p>
Safety Precaution	<ul style="list-style-type: none"> • Do not smoke whilst using the product • Do not use the product in an area where
